Compuserve can be accessed for a demonstration of its facilities by dialing the above number and responding as follows:

Host: CIS

ID: 77770,101

Password: Free-Demo

To sign up for GENie, follow these simple steps:

1. Set your communications software to 8N1, half duplex (local echo), at 300, 1200 or 2400 baud.
2. Dial toll-free 1-800-387-8330. Upon connection, enter HHH.
3. At the U#= prompt, enter XTX99017,APPLE and then press <RETURN>.
4. Have a major credit card ready.

A monthly subscription fee of \$10.95 that includes a credit for up to four hours of standard connect time every month.

Hourly Connect Charge \$4.00/hour

Prime Time Surcharge \$12.00/hour (8am - 6pm local time on weekdays only)

9600 Baud Surcharge \$8.00/hour

These prices are in CANADIAN DOLLARS.

York University provide a public dialing port to access some of the services at the University. The procedure to connect with one of the services is as follows:

1. Press <return> after connect, for autobaud detection
2. Select the service at the "Enter Number:" prompt
3. Type Service Name <return>
4. Once connected with the service one or more <return>

New procedure to connect to Yorkline (York University Library):

1. Press <return> after connect, for autobaud detection
 2. Enter VTAM at the "Enter Number:" prompt
 3. Select terminal type at the "Enter Terminal Type:" prompt.
Press <return> for a list of valid terminal types.
 4. The screen will clear and display the York logo
 5. Enter YORKLINE at the "Enter Service:" prompt
-

>>>> NOTES <<<<

=====

All systems listed are PUBLIC ACCESS and welcome all callers. Most systems assign an individual password as a part of sign on procedure. You may be able to log-on and look at various menus, but not to leave messages or look at files other than promotional material.

For any practical use of the BBS facilities listed, your password will probably require to be VALIDATED by the BBS sponsor. Procedures vary and are usually described in the files found on the specific board. Some of these BBS's require club membership as a prerequisite of being issued a validated password, others may require payment of a one-time or yearly fee for full use of their system.

This list has been carefully prepared from information received from a variety of sources including user messages and other Bulletin Boards. In each case, the information has been verified BEFORE PUBLICATION to ensure that a BBS exists on the number specified. This list is correct as of the date at the top of this file, but there is no guarantee that the above listings remain correct, or that the BBS systems represented remain operational, or that other systems have not come into being since this was prepared.

If you have any information about BBS activity that we have not included here, or changes to this information, please leave E-Mail to BLAIR ANGUS with details.
